Consultancies 2

AD HOC TRAINING CONSULTANCIES

We adapt the training to what you need

1° We focus on your *pains & gains*

Are you a marketing, HR, sales, management, administration professional, and don't know how to implement AI in your daily work?

We identify through a 4-hour consultative session the *pains & gains* of your teams.

2° Personalized AI training

We compile the data we analyzed in the consultancy and create an *ad hoc* training.

Customization is a crucial aspect in developing training focused on departments and areas of expertise.

3° Learning what you need

We create the training program aimed at solving the specific needs of your organization, your department, or your company.

4° Differentiation using AI

We transform your professional world so you can **achieve improved productivity, being more efficient in your daily work** and elevating your potential to the next level. *AI Workflows* adapted to your department's daily routine.

Our pricing

WE WANT TO TRAIN YOU TO EASILY SOLVE YOUR EVERYDAY PROBLEMS

What is the price of the *ad hoc* training consultancy?

Ad hoc training consultancy

D **30.190** /hour

- ✓ Discovery and strategic planning
- ✓ Custom training and pilot execution
- ✓ Adoption and ongoing support
- ✓ Adapted to group schedule
- ✓ Full customization from start to finish

(*) Transportation, accommodation and meals NOT included.

(**) Payment must be made in full before the delivery date.

Virtual classroom

3

MAXIMIZE YOUR DEPARTMENT'S POTENTIAL WITH AI

Learn at your own pace, through our platform

1

Within 1 month

Your team will have 1 month to train at their own pace, in an asynchronous format, but with a deadline to qualify.

2

20-hour course

Always focused on grounding theoretical concepts with practical exercises, team challenges within the department and much more!

3

Short videos

We understand time is limited, so the best option is short, high-value video pills for the team.

4

Business-focused

We have all lessons adapted to each business area of the company: HR, marketing, sales, administration, management, (...)

5

4-hour extension

To resolve those last questions, we offer a 4-hour in-person session to consolidate everything (*) *Budget of D58373*

6

Project-based learning

PBL means we bring AI closer to each department's workflows, so they can solve real situations and daily challenges.

7

IA Experience Certificate

We grant a certificate to everyone who completes the training so the company can highlight the value of its staff.

Why us?

Organizers of the pioneering event "AI Week"

Organized together with the Zaragoza City Council, AI Week was a landmark event with over 600 in-person attendees and 35 speakers including Microsoft, The Clueless, IBM and many more. Over four days, we delivered sector-specific talks covering AI in public administration, marketing, human resources, education and Aragonese talent.
